

Anderson Island
Sept. 27, ~~77~~

Dear Murray and Rosa:

It was good to have your card and to know that all is going well. I wish I could be there for a day, to sit on a bench and stare.

Earle's brother Deane has just returned from a year in England (Chester) for Cabot Carbon and will be here next Monday from Pampa, Texas. They looked up some of my people (my Dad's niece by marriage and the like) in Bronyard, Herefordshire. I have a bunch of cousins around London. My grandparents are buried at a place called Lingen, in Herefordshire. A churchyard I think. I keep thinking I may get over some year to prowl around.

Do you suppose you could find
