Dear Murray... Congratulations
on being the first Gray Fellow
(what a title!) . I had expected
you to be. The committee could have
done no other. And thanks for your
funny Thomas the M. card. What a
svelte figure... Thanks, too, for
the info about the cable thing. I
had a letter saying two gals want
to come to the Island for a prelim.
visit on Feb.7.

Very good about Bruce's project. And
Lane's piece more than deserved
compliments. I am passing it around
among perceptive readers here, with
strings attached.

Love to Rosa, too, *Hazel - I had
a call from
a few
years, etc*
