Dear Rosa & Murray: your piece about

the kayak and the Danube is on its way to my great niece, Sherri Holliday in Bulgaria, US Embassy. A Post Grad in Foreign Service, she is for two years in Embassy there on first job. living in Embassy with 49 others, and is touring the country (in New Ford shipped over) on assignment. Loves her work and the "beautiful" countryside. She finished her schooling in London, worked in parliament, and learned Bulgarian language in D.C. Grew up of course in Kansas. Very bright girl. I mailed the piece to her mother, my brother's daughter, who passed it on to Sherri. Kayak over some time, Love to Lane, too.
