

Thursday Fourth Nov.

1976

Hi:

I am enclosing a pair of round trip tickets for your Nov. 14 crossing on the Queen Mary. I will also enclose a ferry schedule, our most recent. I seem to remember you came on the 11 o'clock boat last time. There is a 9:20 sailing, if you want to get up that early on a Sunday, which I doubt you will. I will meet the 11, which gets in around 11:30, unless I hear otherwise. You might pass the ferry schedule along to Lane, who called the other night (on her birthday!) and said she might come over some time. We would like that.

I think the plan is the same as last time, I am enclosing a snip from the Island Hot Flash (I don't know who thought that one up) that gives details. This sheet is put out once a month by Lorainne Christensen, the Hist. Soc. treasurer, and is sometimes a bit startling. We are all looking forward. I think Norm Anderson and his wife plan to come.

If you are on the 11, I think my friend Pat Burkhardt from Corbitt Road, Tacoma, will be aboard. Tall, Irish, charming. Introduce yourselves. I told her to watch for you. I will bring you up to say hi to Earle before we go to the do, and maybe you can stay for a while afterward. You're always welcome for the night you know.

Possibly, Rick Anderson may want to go up to the farm to show you the bit of progress. I don't do anything except sit in at their board meetings two nights a month. But there has been painting & papering and shaking and they have Rudy's old threshing separator and baler up from the other place and his old "reaper" (restored) coming.

Tom Fransen is opening a rare book department in the old drug store at Steilacoom.

I plan to call the Press this morning to see if I can get one of your books to raffle at the dinner. Maybe you'll autograph. We're very grateful.

P.S. - Our youngest granddaughter
Lall made these
Cards.

See you then,

Lore
Hazel
